

DRUG TESTING

Dear CNA Students,

Please follow these directions to get your drug test done. **Drug tests must be done before the first class on January 21, 2017 to remain in the program, unless approved by the instructor.** If your test is positive you must withdraw from the program. If you believe the test result is incorrectly positive you can chose to have the results sent out to the state lab for an approximate \$20.00 fee which you will be responsible for. This **must** be done immediately with the urine sample that has just been tested. All students must pass their drug test to remain in the program.

What to do:

1. Call Dr. Brown's office at 257-7712 to make an appointment for the drug test
2. Tell Dr. Brown's office that you are an ENMU Nurse Assistant student needing a drug test appointment before January 21st.
3. Bring test result form to class.
4. Bring all current prescriptions to appointment.
5. There is no charge for this test unless you have further testing done.
6. Testing must be done before class begins unless approved by your instructor.

Thank you for getting this done promptly.

IMPORTANT:

Please read the syllabus and assignment for the first class. Please do your background screen on-line before the first class, DIRECTIONS IN THIS PACKET.
