All students are invited to attend the Midterm Study Night—Extended Study Hours event Monday, Oct. 6, from 5-7 p.m. that will be led by the Student Achievement Hub (SAH) Peer Mentors. Dinner will be provided, come hungry and ready to study for your midterm exams.

Nursing Accreditation Visit Oct. 8

A big WELCOME to five campus visitors Wednesday, Oct. 8. Three of the visitors are with Accreditation Commission for Education in Nursing (ACEN) and two are representing the New Mexico Board of Nursing (NMBON) along with the ENMU-Roswell Director of Nursing Program Tory Norris. They are visiting the ENMU-Ruidoso Campus to observe the Nursing faculty, staff and students, and will have a campus tour to see all of the accommodations for students including the Student Achievement Hub, Virtual Reality Lab, Resource Room, Sensory Room and Counseling Center.

Men's Golf Team First Tournament in Oklahoma City, Okla.

The ENMU-Ruidoso Men's Golf team, both freshmen Robbie Rodriguez and Anthony "Jace" Hernandez, made their collegiate debut at Southwestern Christian Invitational Sept. 2-3 in Oklahoma City, Okla. The duo teed it up for the first time at their opening college tournament, facing both challenging weather and nerves that often come with a first outing at this level. The opening round on Tuesday was slowed by heavy rain that persisted through the early hours. Wet conditions made the course play longer and more demanding, forcing both golfers to battle through soggy fairways and slower greens. Robbie finished the first round at +19, while Jace posted a +30. Despite the early struggles, both players remained determined to settle into their games. By the second round, the players began to show their resilience and ability to adapt. Robbie bounced back strongly, carding a much improved +6, while Jace, though still working through course adjustments, lowered his mistakes and gained valuable experience with a +22. Their performance underscored their commitment to improving with every hole and gaining confidence in their swings under pressure. [Read more.](#)
