

FIRST RESPONDER PROGRAMS  
EMERGENCY MEDICAL TECHNICIAN

Certificate of Occupational Training

16 credit hours

The Certificate of Occupational Training in Emergency Medical Services (EMS) offered by ENMU-Ruidoso is intended to provide students with the skills necessary to pursue a career as a service provider at the Emergency Medical Technician – Basic (EMT-B).

Upon completion of the certificate students will be able to:

- Perform the duties of an EMT-B in both clinical and operational settings.
- Demonstrate competency of clinical skills at the EMT-B level.
- Identify and treat life threatening conditions according to both national and state standards of care.
- Attain employment as an EMS provider in New Mexico.

Required for Acceptance into the Program

Completion of college admission requirements

Students must be 18 old at the time of completion

Mandatory Drug Screening, criminal background checks and other clinical prerequisites will be required for all EMT students. Students should contact their instructors or talk with their advisors as soon as possible for more details.

*Any student who is ineligible for state, national, or industry licensure or certification is ineligible for entry into this program.*
