

Emergency Medical Technician

Certificate of Occupational Training

15 credit hours

The Certificate of Completion in Emergency Medical Services (EMS) offered by ENMU – Ruidoso is intended to provide students with the skills necessary to pursue a career as a service provider at the Emergency Medical Technician – Basic (EMT-B) level.

Upon program completion students will be able to:

- Perform the duties of an EMT-B in both clinical and operational settings
- Demonstrate competency of clinical skills at the EMT-B level
- Identify and treat life threatening conditions according to both national and state standards of care
- Attain employment as an EMS provider in New Mexico

Requirements for Acceptance into the Program

- Completion of college admission requirements
- Students must be 16 years of age or older at the time of enrollment
- Mandatory Drug screening, criminal background checks and other clinical prerequisites will be required for all EMT students. Students should contact their instructors or talk with their advisors as soon as possible for more details.
