Welcome New Athletic Coordinator Randa Clabaugh

ENMU-Ruidoso Branch Community College hired new full-time Athletic Coordinator, Randa Clabaugh of Arvada, Wyo. She has an Associate of Arts degree from Western Texas College and a Bachelor of Arts degree with a major in Human Performance and Sports from Highlands University. She is a fourth generation rancher and grew up on her family ranch in Wyoming. She played college basketball and was on the women's college rodeo teams at both Western Texas College and Highlands.

She was the National Junior College Athletic Association (NJCAA) Region IX 2007-2008 All-Defensive Player. And, the Western Junior College Athletic Conference (WJCAC) 2008-2009 All-Conference Player. She qualified for the College National Finals Rodeo (CNFR) in Breakaway Roping in 2010, and won the third go-round. In 2011, she qualified for the CNFR in Goat Tying and was the National Intercollegiate Rodeo Association (NIRA) Grand Canyon Year-End Champion in Goat Tying in 2011.

"Sports have had a tremendous impact on my life and played a major role in preparing me to become an Athletic Director. As a student-athlete, I learned discipline, accountability, leadership, communication, and the value of hard work. Competing in athletics taught me how to handle adversity, work as part of a team, and lead with both confidence and humility," said Clabaugh.

"Those experiences also helped me understand the important role athletics plays in shaping young people beyond competition. Coaches, teammates, and mentors influenced my growth not only as an athlete, but as a person, and that is something I hope to provide for others through leadership in athletics. Sports taught me how to build relationships, manage responsibilities, stay organized under pressure, and remain committed to long-term goals — all qualities that are essential in athletic administration. My experiences as both a high school multi-sport athlete and collegiate athlete gave me a strong understanding of the student-athlete experience and the positive impact a supportive athletic culture can have on individuals and communities," said Clabaugh.
